

Antares

PRIVATE VILLA

Idyllically located in St. Barth's exclusive gated Mont Jean community, this luxurious 4 bedroom villa offers serenity, privacy, and a stunning seascape. The grounds are spacious, and the amenity-laden and contemporarily furnished villa incorporates traditional architectural details. The main house (air-conditioned) includes a fit-for-a-chef kitchen with a breakfast bar and an airy living room that opens to a covered patio furnished for poolside dining and relaxing. Steps lead down to an elongated heated infinity pool that seems to almost spill into the sea. It's banked on either side with a palm tree-shaded terrace furnished with chaise lounges. What a spot to take in the view! Antares features an additional dining venue in a lovely pavilion. Chairs nestled into the corners of porches are designed for those guests seeking quiet moments. And there's an office for those needing to catch up with work and the outside world. The en suite bedrooms, each a true oasis, are housed separately, providing a nice level of privacy. (Ideal for vacationing couples to share. ...more at stbarth.com/villas/detail/ANTAR)
