

# Lital

## PRIVATE VILLA

One look at this magnificent multi-level villa, and you'll rethink the ending to the old quip "people who live in glass houses ..." to "are treated to stunning views!" Villa Lital has that in spades. Configured over three levels, floor to ceiling glass windows separate the air-conditioned indoor living spaces from a series of terraces that overlook the beach at Anse des Cayes and the sea beyond. An extra-long (and heated) swimming pool is one of the villa's focal points, and a pool bar adds to the outdoor living experience ? and fun. There are two spacious living rooms, a guest bath, and a dining room; the villa is furnished in a chic minimalist décor throughout. A sleek chef-worthy kitchen offers every culinary amenity one could want.

The seven bedrooms include a master suite with an outdoor shower that is located in a separate bungalow. All the bedrooms have king beds convertible to twins, beautifully appointed en suite baths, terraces, and a view of the sea. Two on the lower level are "master-sized" with king/twin beds. Four bedrooms (two with outdoor showers) have king/twin beds and are located on the lowest level. There's U.S. Satellite TV, a sound system, and Apple TV in the bedrooms, with the exception of bedroom seven.
