

# Belle Bague

PRIVATE VILLA

The luxurious 4 bedroom Belle Bague leverages its perch high in the hills of Colombier and offers magnificent 270° views of the neighboring islands - and breathtaking sunsets. The entrance is graced with a fountain bordered with lush foliage and sets the tropical ambiance. The extensive outdoor space includes living and dining areas and a full bar - perfect for entertaining or just sunbathing and relaxing. They all overlook the oh-its-so-big swimming pool - which, by the way, is heated in the winter months. Ahhh. A fitness room is tucked away on a lower level. Fashionably appointed throughout the villa are a sleekly modern kitchen, a formal dining area, and a comfy air-conditioned living room. All 4 bedrooms have baths en suite and are designed for style and comfort with elegant 4 poster queen beds, mini-fridges, TVs with satellite service, WIFI, DVD and CD players, as well as iPod docking stations. All are air-conditioned. Villa Belle Bague is a fabulous vacation home.
