

Bibi

PRIVATE VILLA

A delightful 4 bedroom villa, Bibi's Vitet location delivers views over the brilliantly colored Grand Cul de Sac, the neighboring island Tortue, and the ocean beyond. The airy interior encompasses a super chic kitchen, a dining area and a spacious, comfy living room, all opening to the pool deck, a dining cabana and a covered lounge area. Bibi's pool is particularly lovely. The 4 bedrooms, all en suite, include 2 masters (one with a garden view, one with an ocean vista) and a guest bedroom offering ocean views. Its king bed can be converted to twins. The 4th rear-located guest bedroom, also with a king bed convertible to twins, has a garden view and an outside shower. All bedrooms are screened, allowing guests the option to enjoy the tropical breezes instead of the AC. The furnishings and décor throughout – an eclectic combination of contemporary, Caribbean and quirky - create an ambiance of casual but elegant sophistication. For those who must be connected to the outside world, Villa Bibi offers Fiber Optic Wifi.
