

# CasaJojo

PRIVATE VILLA

This is a special villa with a lovely tale to tell. In the 1980s, Jojo and his wife Simeone arrived in St. Barth from France, were instantly enamored, and built a home nestled in its highest hill - Morne Vitet. This oh-so-charming 2 bedroom villa is called CasaJojo. Extensively renovated (post-Irma), all the charm and happy feels remain. The family loves to share it with guests who adore the spacious grounds, its privacy, and the stunning vista —180° from Grand Cul de Sac to Toiny. In turn, they make their own cherished memories. Each of the bedrooms offers views of Simeone's garden and the sea and access to the outdoors. En suite baths have private WCs and Caribbean-style outside showers. A bar separates the well-equipped kitchen from the airy living and dining area where a series of arched windows frame the view. The outdoor living spaces include a covered terrace, ideal for alfresco dining, and a sunny pool deck.
