

Rose Dog

PRIVATE VILLA

Chic and luxurious, the 4 bedroom Villa Rose Dog is configured over the three levels and boasts a panoramic view from Petit Cul de Sac to the beach at Toiny. An extra-long infinity pool with steps on either end runs the length of the villa's white tiled terrace. Guests delight in relaxing poolside on the plush sun beds. The terrace has a covered dining portico and includes ample outdoor living space. The main level's open floor plan incorporates a sleek galley-like kitchen, a comfy corner for TV watching, a guest bath and a conversational grouping of 4 chairs that sit under a giant, dramatic hanging lamp. Images of rosy-hued dogs are just visible inside the lamp's shade. Hence the name. It adds a delightful whimsical touch to the contemporary décor. Two of the bedrooms (king) are on this level, on opposite sides. Equal in size, they are decorated in a soothing palette of gray and white. Each has a nicely appointed en suite bath and glass sliders to the pool deck. The third (king) en suite bedroom is housed in a "tree-top" suite- like pavilion with a sitting area and a kitchenette. It has its own access from the parking area. A nicely private lower level en suite bedroom has a queen bed, its own little deck and is suitable for teens or staff.
