

Cloud Nine

PRIVATE VILLA

For all who've dreamt about vacationing on a houseboat, we have an exciting option that combines that unique ambience with a landlubbers' need for feet on the ground. A luxurious 2 bedroom apartment, Cloud Nine is poised on Gustavia's iconic harbor (What a view!) and within walking distance of all the little town's bistros and boutiques and popular Shell Beach. Configured over three levels, the master bedroom, and its adjacent bath is tip-top. A guest bedroom is lower-level, and its bath includes a sink and shower—the WC is on a mezzanine. The air-conditioned main level encompasses a well-equipped compact kitchen, a chic and comfortable living-dining area, a covered terrace for relaxing while enjoying the maritime activity, and alfresco dining.
