

Shell Beach

PRIVATE VILLA

The striking 2 bedroom Villa Shell Beach is named for its proximity to one St. Barth's most popular spots to sun, swim and dine – Shell Beach. This primo location means it's less than a 5 minute stroll to Gustavia and is next door to the 5-star hotel Carl Gustaf. The island's little capital is brimming with restaurants, boutiques and lively bars and is great for people watching too. Compact, chic, and contemporary in design and décor, this delightful villa is laid out for easy living and leverages postcard views of the iconic harbor. The sunsets here are spectacular.

An open floor plan, which includes an air-conditioned living room, kitchen and guest bath, opens to an expansive pool deck furnished for outdoor living. The two air-conditioned (French king) bedrooms (screens and ceiling fans are a nice option) are located on either side of the villa. Both have sea views and en suite baths featuring double sinks and walk in showers. One has an outdoor shower, too.
