

Oui

PRIVATE VILLA

Privately located in the gated community of Domaine du Levant, the lovely 4 bedroom Villa Oui offers a wonderful vacation experience for families or friends. An oversized swimming pool is the focal point of a terrace that affords loads of outdoor living space including a portico'd dining area. Guests enjoy a bird's-eye view of the blue waters of Petit Cul de Sac, rolling hills and even a goat or two! Its country French décor works beautifully: white stucco walls, rattan rockers and comfy couches upholstered in soft pastels that pick up the colors in the framed impressionist paintings. Here an antique armoire, there a lovely old console table and a bit of unique bric-à-brac all contribute to the special ambiance. A nicely sized galley-style kitchen is well-equipped for cooking in. A guest bath is tucked away off the living area.

The décor of the four spacious and gaily painted bedrooms invoke a comfortable Provencal villa and French doors open on to the sunny terrace. All have king beds, en suite baths with private WCs; TVs with U.S. satellite service; and a view of the sea. Two of the bedrooms are situated on either side of the living room, and each has the option to connect for families. However a double set of doors allows for the privacy that sharing couples seek. This is a non-smoking villa.
