Ensnconced in the craggy and dramatic Toiny hillside, the very private two bedroom Villa Deep Breath leverages its location and captures the gentle trade winds, the sounds of the surf and a gorgeous seascape. On the main level, an open floor plan includes living and dining areas designed for comfort and to capture the view as well as a fully equipped kitchen. The master bedroom with en-suite bath connects to the living room, and offers a beautiful ocean view. Bedroom two, also with en-suite bath is privately situated on the ground level with garden views. The pool terrace offers ample space for sunning and a covered section has a dining table set just so to take-in the view.
