## PRIVATE VILLA

Poised high in Pointe Milou, La Danse des Etoiles is a sprawling, sumptuous vacation home that offers its guests the ultimate St. Barth villa lifestyle. In a careful collaboration between savvy owners and an acclaimed architectural firm, the villa was designed to frame the magnificent seascape, capture both the sunrise and sunset and artfully create a seamless transition between indoor and outdoor living. A 70 ft solar-heated infinity pool, rimmed with lava rocks, is the focal point of the bi-level outdoor space that accommodates sun worshipers, shade-seekers and billiard players - there's a pool table. Alfresco dining options include casual BBQ'ing and elegant dinners under the stars. An open-air full bath is conveniently located poolside.

A flowing air-conditioned open floor plan incorporates a sleek kitchen that receives the first light of day, a dining area, and a comfortable salon with rich dark wood floors and all the techno amenities. Comfortable furnishings, a 60" TV and Bose surround sound allow it to function as a home cinema. Additionally, there is a private well-equipped office and a guest bath. Five en suite bedrooms are beautifully appointed and feature HDTV's with US satellite, and DVDs. Three bedrooms are on the main level and two bedrooms are on the lower level. Each is beautifully appointed and has an oversized en suite bath, a private terrace with an outside shower. ...*more at* [stbarth.com/villas/detail/DETOI](http://stbarth.com/villas/detail/DETOI)
