

Eden View

PRIVATE VILLA

Luxurious, spacious, and airy, 2 bedroom air-conditioned Villa Eden View offers a delightful vacation experience for one or two couples—the privacy level is optimum. The vista of St. Jean Bay is breathtaking, and the view of the island's notorious little airport is fun. Enjoy cocktails while watching the sun as it sets behind the hillside across the bay. A sleek, state-of-the-art kitchen is housed separately, but conveniently in the rear. The interior living and dining areas open to a portico-covered terrace that runs the length of an extra-long infinity pool. Furnished for relaxing and dining in the shade, the terrace flows into an expansive, and sunny, pool deck. Contemporary in design and décor, comfortable seating and artisanal touches add to the ambiance. Both bedrooms, located on opposite ends of the villa, have beautifully appointed en suite baths and open to the terrace, the pool, and the view!
