PRIVATE VILLA

Contemporary, colorful and comfortable, Villa Phebus is located in popular Côte d'Azur-like St. Jean, with its bustling shops, bistros and beach scene. It has three (queen) en suite bedrooms and a twin bedroom with en suite bath, making this villa perfect for three couples or a family with children. In addition to the access internally, the twin bedroom has a separate entrance from a second parking area. The main level encompasses the kitchen and air-conditioned living room, dining area, and outdoor living space. The en suite master bedroom with an ocean view is also on this level. The swimming pool, two other bedrooms, the twin bedroom, and an air-conditioned office are located on the lower level. The pool is heated and delightful, and the deck provides guests with both sun and shade. A rear deck with a BBQ provides an additional outdoor dining space. Villa Phebus is within walking distance (steep) to St. Jean Beach, boutiques, restaurants, and Nikki Beach.
