

Eternity

PRIVATE VILLA

The five bedroom uber-luxurious Villa Eternity boasts a striking view of Flamands' deep blue water and a gorgeous beach just a few minutes away. It is the ideal vacation home for those who love to entertain. Think about an extra-long 65 foot swimming pool with a swim-up bar and surround sound everywhere - including underwater! The kitchen is fit for a gourmet chef and even includes a wine cooler. Adjacent to the kitchen is a stylish dining area, the guest bath and a spacious living room furnished with contemporary décor and a palette of crisp and soft whites. A giant sized TV pops up from the floor with the press of a button and voilà - a home cinema ready to show the latest DVDs. The sliders can be kept open for outdoor ambiance, or closed for those who prefer air-conditioning. A richly tiled Jacuzzi spa is located on the deck.

The master (king) bedroom features his and hers closets, a wonderful massage area located in an alcove, a sumptuous en suite bath with a double vanity, a sunken tub, and just outside - a very private outdoor shower for deux. All of the other bedrooms are amazing and are named in tribute to movie stars from Hollywood's golden age. The upper level Brigitte Bardot and Paul Newman bedrooms are identical and feature king beds, en suite baths with double vessel sinks, rain head showers - and a water view. ...more at
