PRIVATE VILLA

This stylish one-bedroom villa is beautifully situated in scenic Marigot, walking distance to Anse Maréchal. Genia's en suite bedroom features a king bed and a dressing alcove that would function nicely as a massage nook. The bathroom has a rain shower and there's a washing machine for guests to use. The air-conditioned kitchen is well equipped and the indoor spaces include a spacious air-conditioned living room that is elegantly decorated with art and antiques and a charming patio-like dining area. There's lots of outdoor living and dining spaces and the pool is private, delightful and topped off with a sundeck. There's a pretty view of Grand Cul de Sac and the lush tropical garden is a delight to behold.
