

Milonga

PRIVATE VILLA

Villa Milonga's idyllic location, hillside in Marigot, treats guests to panoramic views of its brilliantly colored bay. Guests will enjoy the covered dining portico and an expansive deck that provides abundant outdoor living space and features a Jacuzzi. Down a few steps, chaise lounges flank the heated pool.

The air-conditioned main pavilion features a sleek, modern kitchen with full-length windows framing the view and island seating. There's a dining area, and a spacious living room.

The contemporary décor is enhanced with charming Caribbean accent pieces throughout. Sleeping accommodations include four en suite bedrooms: a master suite, off the living room, with a sea view, and two en suite guest bedrooms—that can connect—housed in a separate pavilion. The 4th bedroom is located on a lower level and is better suited for to a teen or staff. All bedrooms have king beds (In one of the guest rooms, the bed is convertible to twins.) There is U.S. satellite service, and all bedrooms have Apple TV. ...more at
