PRIVATE VILLA

Poised hillside in popular St. Jean, this 3 bedroom villa offers casually elegant comfort making it ideal for a St. Barth villa vacation. An infinity edge pool is the focal point of an expansive deck and is an optimum spot to relax – toes up – and take in the stunning views, delightful breezes and the sound of rustling palms. A pergola is comfortably furnished for outdoor living and dining. Compact and sleek, the kitchen is outfitted to please a gourmet cook. It opens to a dining area that flows into the living space - ideal for TV viewing (Apple TV). The 3 spacious air-conditioned bedrooms all have en suite baths. Two (with king beds) are at opposite ends of the villa; pool level, they boast ocean views. The third is lower-level (its king bed is convertible to twins) and has a garden view. All are nice retreats. St. Jean Beach is just a short (but steep) walk away.
