PRIVATE VILLA

Poised on Toiny's dramatic coastline, the four bedroom Villa Nureyev is as intriguing as its name – and namesake. It's the former vacation hideaway of the legendary Russian ballet dancer Rudolf Nureyev and its elegant décor pays homage to him and his love of the arts. Its signature feature is an expansive "floating" deck and it's just one of the spots where guests can enjoy the 180° view of the Caribbean Sea.

A comfortable air-conditioned living room with a piano is ideal for relaxing and entertaining. The main level includes a guest bath. The four bedrooms include two en suite masters located on either side of the living room, a private suite with a kitchenette and its own terrace, and a smaller fourth bedroom and housed in a bungalow. Its bath is separate with an outdoor shower. All bedrooms have U.S. satellite and Apple TV. Amenities include a heated pool on one deck and a warm Jacuzzi on another. ...more at
