

Only You

PRIVATE VILLA

Dreaming about a villa vacation with a group of friends or gathering your family and creating memories to last a lifetime? With its five en suite bedrooms, Villa Only You would work beautifully. Located in the Domaine du Levant gated community in Petit Cul de Sac, it offers a beautifully landscaped garden view, private access to the beach, boasts two stunning heated pools, and a wealth of outdoor living space. Indoors, a spacious living room is adjacent to a sleek kitchen with a working island and a breakfast bar that seats 10. No problem with too many cooks in the kitchen! This area opens to a covered deck for poolside dining and relaxing. The five en suite bedrooms with terraces are nicely private and similar in size and amenities; however, the design and décor of each are totally different – and charming. Glass sliders provide access to individual terraces and beyond to the pools. Villa Only You's special features include a fitness room, and there is an airy, covered lounge with a bar for well, lounging, and TV watching.
