

Enzuma

PRIVATE VILLA

Perched high above Toiny, Villa Enzuma is indeed that. It's a true haven offering delicious privacy, serene comfort and a sweeping view of the Caribbean Sea. Its contemporary décor is enhanced with colorful modern artworks by local artist Kate Kova. An open living area with a kitchen opens to a spacious terrace with an infinity pool. The terrace's retractable roof provides the option of sun and shade for relaxing and alfresco dining. The master suite (queen bed) is one side of the living area with accesses via glass sliders to the pool terrace, and its private rear patio is an ideal spot for an in-villa massage. Two bedrooms, both with French king beds, are on the opposite side of the living rooms and would be suitable for parents with children. The larger of the two has a dressing room, a double vanity and a shower. Guests in this room would use the nearby guest WC. The smaller bedroom does not have its own bathroom facilities and would use the shower in the larger bedroom and the guest WC.

LOCATION	Toiny
BEDROOMS	3
