

Au Coeur du Rocher

PRIVATE VILLA

A beautiful three bedroom villa, Au Coeur du Rocher's private Vitet location offers a wonderful vista of the sea and the verdant countryside. A long poolside portico provides shaded outdoor living and dining space, and an adjacent terrace will delight sun-seekers. A convenient guest bath is nearby. In addition to a well-equipped kitchen and a spacious, airy living room, the main level has two (king, king/twin) bedrooms both with walk-in closets and en suite bathrooms, each with a tub and shower. Note: one of the bedrooms on this level is handicapped accessible, and its bath has been completely modified for handicapped accessibility as well. It has a lovely view. The lower level third bedroom, also en suite and featuring a walk-in closet, has its own terrace with seating and a table-for-two. Perfect for relaxing with perhaps a morning coffee or an evening glass of wine. All of the bedrooms are equipped with US satellite and Apple TV. A SONOS sound system is in the living room and terrace.
