

Ted

PRIVATE VILLA

Lily ponds flank this lovely 2 bedroom villa and the entrance is accessed via a mini wooden bridge. Once inside, the serene ambiance continues with a sand-colored tile floor, a comfortably furnished living area and sensational water view. Early birds love watching the beautiful sunrises! A walnut and stainless steel galley kitchen meets guests' needs and poolside alfresco dining is arranged on the spacious bi-level deck. The pool is delightful and features a beach end which is nice for children. The upper level offers a conversation area and chaises lounges; a striking built-in cushioned banquette runs the length of the deck's lower level. The en suite king bedrooms boast views of Grand Cul de Sac's turquoise water and are located on either side of the villa. The master suite's bathroom features a double vanity, a free-standing tub and an enormous open-air shower. (A powder room is conveniently located off of the living area.) Villa Ted is a nice option for a small family.
