

Wish

PRIVATE VILLA

The views alone are almost reason enough to book the 2 bedroom Villa Wish. The vista takes in the bustling harbor, the sea beyond, glorious sunsets and, come evening, the lights of Gustavia. Magical. Being so close to everyone's favorite bakery in Colombier is the frosting on the gâteau.

Compact, contemporary, and fully airconditioned, the main room encompasses a kitchen, dining island, and a comfortable sitting area – ideal for feet-up TV viewing (U.S. satellite). Two equally sized en suite bedrooms are housed in separate areas. A delightful pool is heated, and its terrace enjoys sun all day. A portico shades sitting and dining areas. A Jacuzzi and a hammock are tucked away in the rear garden. ...more at stbarth.com/villas/detail/WISH
